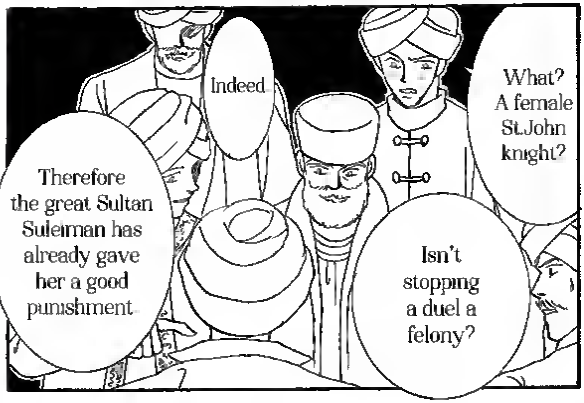
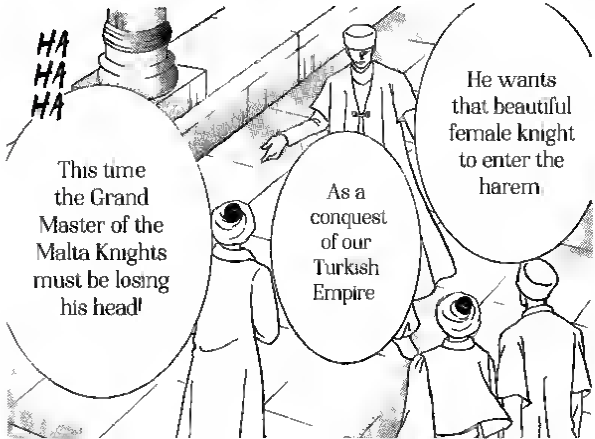
* The age of discovery was also an era where Knights travelled across the seas. the mid 16th century was literally the era of Ottoman Turkey. From the Islam missions to the Balkans, Hungary and the coast of the Mediterranean of Northern Africa were all once ruled by the Ottoman Turkey Empire. That the empire struck pay dirt from its vast territory is also one of the reasons why they were so strong. Mihrimah is the princess of this big Empire. When the queen, who was her mother died, Mihrimah naturally became the first lady in her country. What's more, her Father Sultan Suleiman seemed to pampered her in particular. Sigh...
Making people green with envy.

Mih rimah?
BAM
!!
I have something to tell you, father

Just a little bit more, that St.John's knight would've died
I also saw it!
MUMBLE
I saw it,
MUMBLE
The duel in front of the palace today
She's also from the St.John's knighthood
If that beautiful blonde woman didn't step in...



Therefore the great Sultan Suleiman has already gave her a good punishment
Indeed
What? A female St.John knight?
Isn't stopping a duel a felony?



HA HA HA
This time the Grand Master of the Malta Knights must be losing his head!
As a conquest of our Turkish Empire
He wants that beautiful female knight to enter the harem

It's about Aciel.

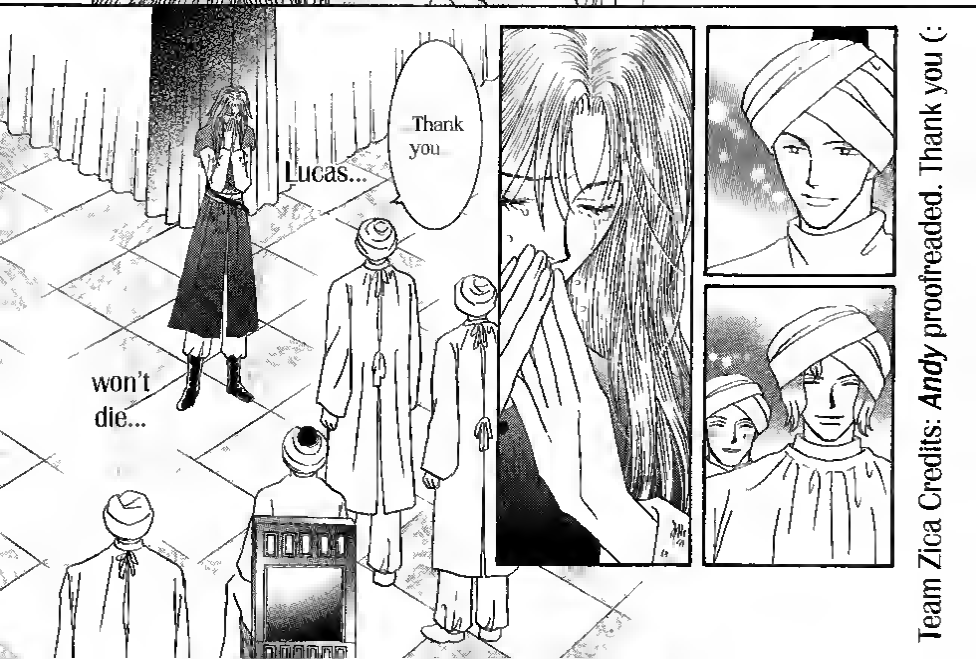
scene. 29

Eastern Kingdom 7

To those detestable knights,
this is probably the harshest punishment!
Doctor Muhammad, how is Lucas' status?
Allah is really benevolent.

Team Zica Credits: ***Akanenaokiki*** translated. Thank you! <3

Vice captain Daud's blood,
has been accepted by Lucas' body with no issues
His pulse and strength are both recover ing, his body temperature is rising
He's alright now



Team Zica Credits: ***Andy*** proofreaded. Thank you (:

Throwing away the knight status that she holds on to as dearly as her soul,
becoming a female slave, entering the harem where she must absolutely obey every command.
Thank you...
Thank you...
Lucas' life has been saved,
but...
What won't change is that Aciel is soon going to have to enter the harem, that for her is like hell.
Thank you...

please forgive Aciel's mistake!
I beg you, father,
To force her to enter the harem because of that is just too cruel!
but..!
Interfering with a duel is certainly a crime for a knight,
You're such a sleek person, Sokullu.
Whatever, I will die one day, if you don't have a good relationship with the rest of the royal family, you certainly will lose your status.
The position of Vizir also has many hardships
Yeah
since princess likes Aciel very much
Forgive me for over-stepping my authority, it is me who told the princess,
Who told you that?
You are fast informed, Mihrimah

Aciel is going to a place where I can never reach her.

If you really have to punish Aciel...!
Please let her be my servant!
Change her religion to Islam and let her serve me!
I beg you!
That sort of punishment is too light
Whether good or bad, she draws too much attention
That kind of beauty leaves an eternal impression after only one glance, not to mention her courage and boldness
Nevertheless, Aciel has a status of our foe — a St John's knight.
In order to save Lucas, who lost his duel to Admiral Dragut,
the prettiest female knight from the one of the strongest Christian country is entering the emperor's harem
Whether this shocking punishment is going to be executed or not,
it has become the most concerned topic to the civilians.

Team Zica Credits: *Zilvere* scanned.

Yeah...
Certainly
Your position also has many hardships
No matter what, I just want to save Aciel
But
Though I'm an emperor,
if the punishment for her isn't adequate enough,
I don't want her to go through misfortune.
the civilians would lose their faith in me.
It would be great
if there is another punishment that can be accepted by the civilians other than making her enter the harem
However will she be safe and sound if she is put in a place where I can't see?
Your majesty,
may I ask you to let me handle this matter?

Hmm
Sokullu...
Would you let me handle this matter?
A punishment that can be accepted by the public... other than entering the harem...
Sokullu
Certainly, if not even Sokullu can think of a solution, no one else could.
I'll leave it to you!
Thank you, Your Majesty
Aciel,
I...
seem to like you a lot.

If there's nothing else,
it's about time for us to leave
Doctor Muhammad,
Lucas is already out of danger, you guys should probably leave
Yes sir
Let's go, vice captain
Princess, I'm afraid you'll have to enter the harem today,
since the Sultan's order is given
Dragut
But, this might be a good chance, Aciel
If you could become the emperor's favourite concubine and manage to wield some power,
then maybe, when the time comes, you can order to chop my head off

Until then...
Dragut...
SLAM!
What was that...?
Take care and do your best!!

Team Zica Credits: ***Carola*** cleaned and typeseted.

RUSTLE
Lucas,
it's about time for you to wake up

The person whom I love...

Until I die, is only you, Lucas...

SFX: HEAVY RAIN

If you wake up,

after you do, I would like to tell you that...

I love you too...

If you don't wake up soon,

you won't be able to see me anymore

No matter what...
And also Lord Daniel..
We are snatching back Aciel and Lucas
This rain comes down right on time,
most of the noises are drowned out.
Even if it costs my life!
We will bring everyone back to Malta Island!
!!

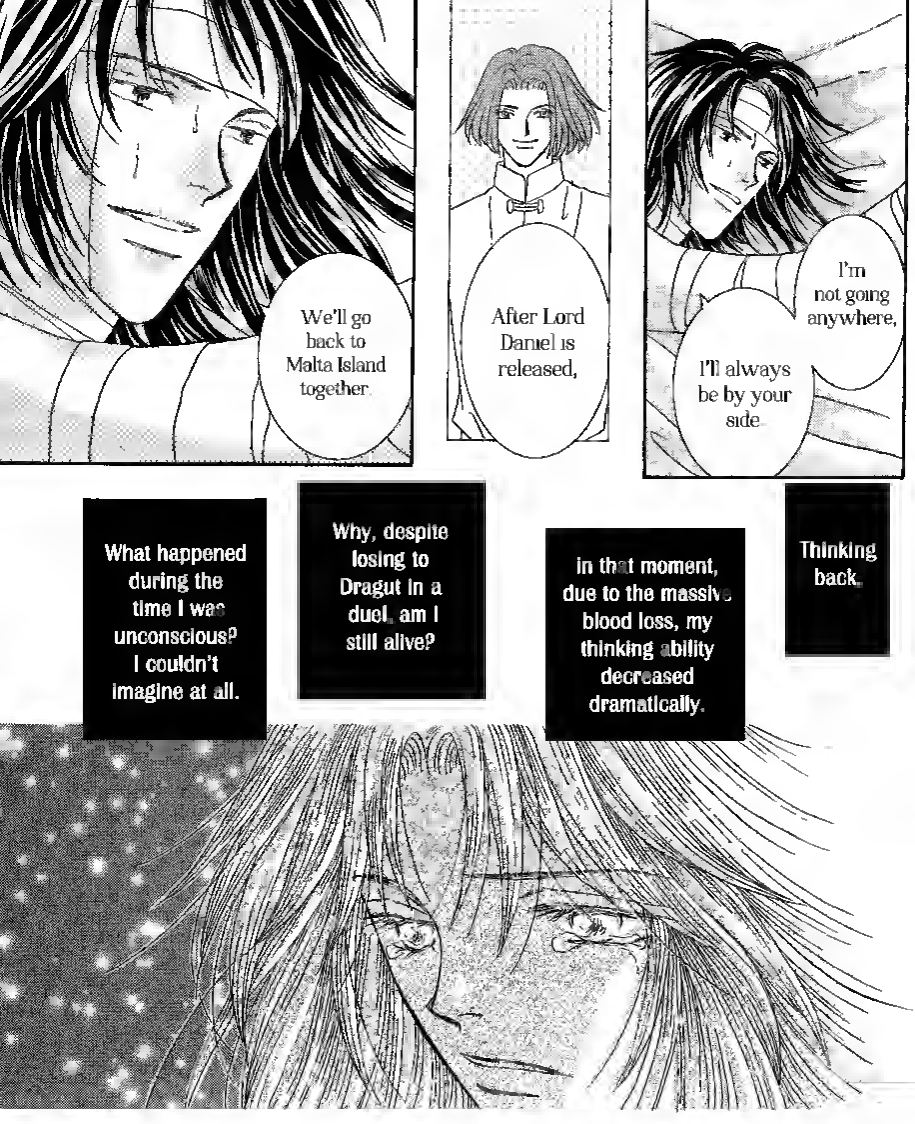
A..
ciel..
We..
..meet
again

Aciel

I thought you were going to die
This is actually my first time...
I'm sorry for making you worried
Seeing Aciel cry...
It's not your fault
What could I do if I lose you ?
My lacrimal glands seem to be broken
After seeing you covered in blood
It was my first time that my mind went blank

Since those are tears that she shed for me.
I'm not going anywhere
So, don't cry anymore
Aciel,
My heart is filled with happiness.
That are so beautiful and crystal-clear...
My first time seeing Aciel's tears...

After gaining back my consciousness, though my entire body hurts like hell from the wounds, yet...

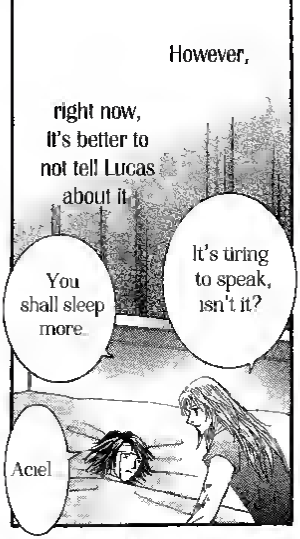


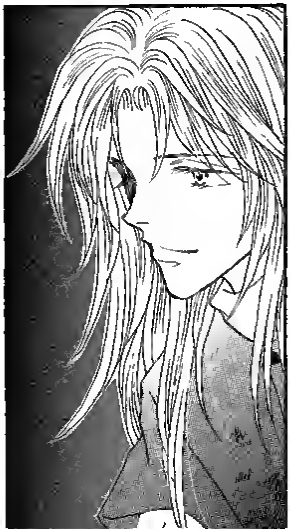
We'll go back to Malta Island together.
After Lord Daniel is released,
I'm not going anywhere,
I'll always be by your side.
Thinking back.
in that moment, due to the massive blood loss, my thinking ability decreased dramatically.
Why, despite losing to Dragut in a duel, am I still alive?
What happened during the time I was unconscious? I couldn't imagine at all.

go back to Malta Island together anymore...

We can't...

Lucas...





I must stay in Turkey alone...

I will live here, I will die here.

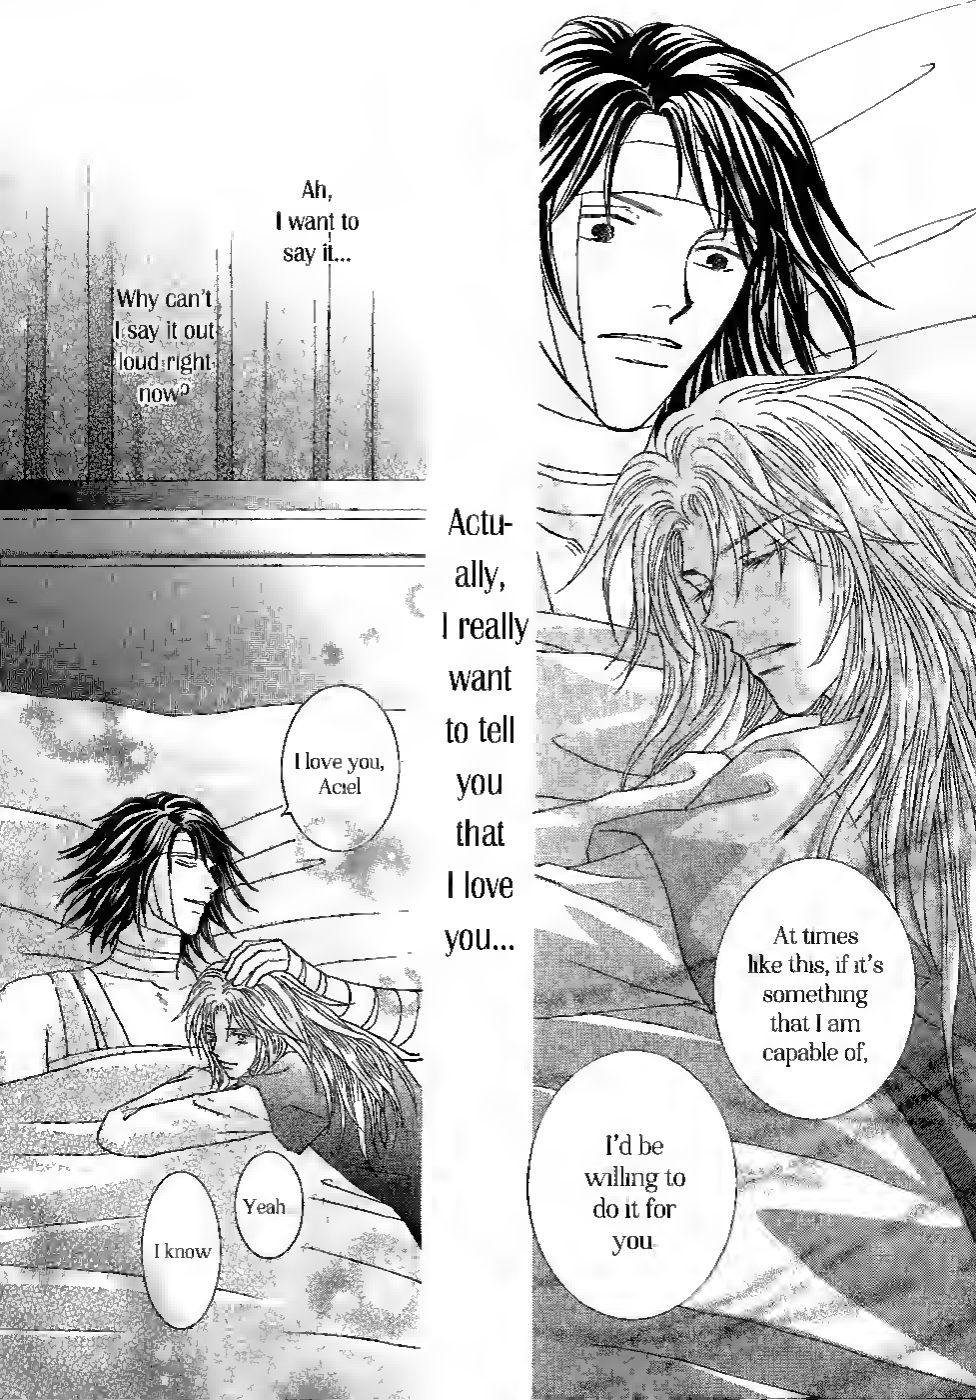
Because this is a promise I made with Suleiman.

As a knight, I will have to fulfill it, for it is my last mission.

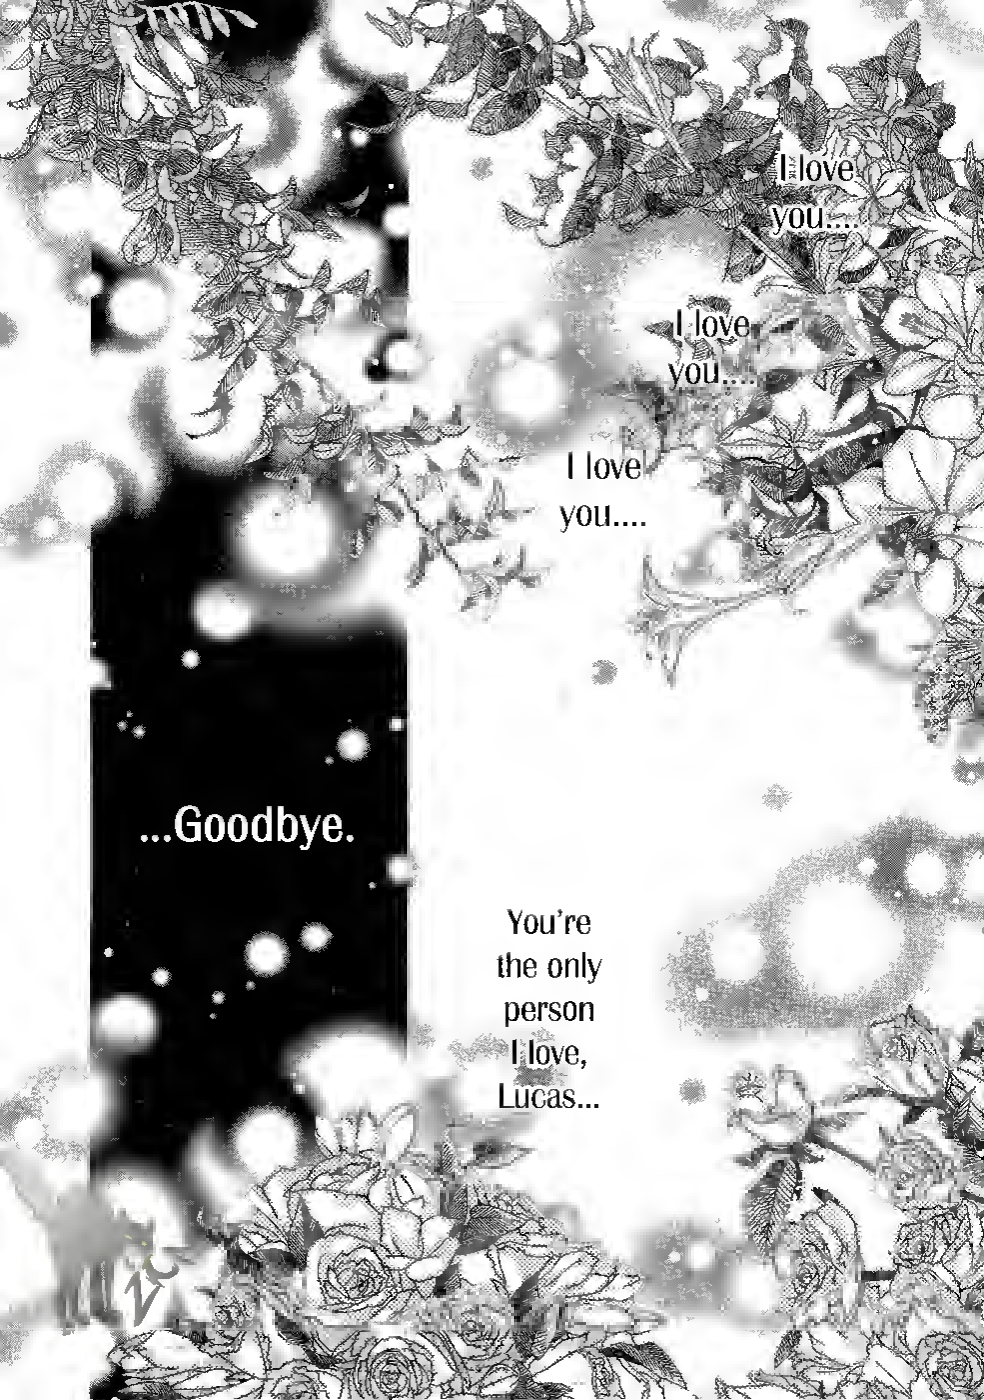
Lucas

Aciel...
The dark eyes of Lucas, the man whom I love the most, have only my reflection.
I wonder how wonderful it would be...
If my reflection could just continue to stay in your eyes.
Whether it's at dawn, midday or night,
whether it's during travels or sleep...
If only I could be by your side everyday
And forever see my reflection in your eyes.

Aciel...
I...
Aciel...
Am I misunderstanding something...?
Can it be... that you also have feelings for me?
But...
so you don't have to take this incident to heart.
I will always love you,
You lost way too much blood
Why are you...?
What's the meaning of the kiss just now?
Why is it...
Why am I...
The doctor could do little to help you.
You have so many injuries
Poor you.
!!



Ah, I want to say it...
Why can't I say it out loud right now?
I love you, Ciel
Yeah
I know
Actually, I really want to tell you that I love you...
At times like this, if it's something that I am capable of,
I'd be willing to do it for you



I love you....
I love you....
I love you....
...Goodbye.
You're the only person I love, Lucas...

Are you training with your left hand?
Not bad, is it? Vice captain Daud
I have already settled upon my new goal in life
Captain
Don't you want to tell Aciel about your feelings?
What there's to tell her?
To tell Aciel
that you love her?

She who was meant for sailing, for the sea and the wind,
is going to be prisoned in the harem for the rest of her life.
To her who has no interest in beautiful clothes or jewels,
the harem will be just a hell where she won't be able to find any comfort.
If Aciel enters the emperor's harem,
you'll never see her again
I hope that you won't have any regrets
Regrets... huh...
Either today or tomorrow, Aciel is going to enter the harem.

In my lifetime,
I wouldn't be able to forget Aciel who fell into the abyss!
Aciel would probably endure and live on in that abyss-like place
based on her pride as a knight.
But...
What about me?
Can I endure...
to live in a place like hell?

I am going to
snatch Aciel back from him.
Vice captain
Help me change clothes,
No
Are you going to meet Aciel?
I'm going to meet Sultan Suleiman
